ORCHID ISLAND, FLORIDA: Lauded as one of the finest clubs along the East Coast of Florida, Orchid Island is a member-owned, debt free community with stunning views of the Atlantic Ocean. Amenities include an Arnold Palmer golf course, eight Har-Tru tennis courts, a mile-long secluded beach, a heated pool with private cabanas, and three separate clubhouses: Golf Club, Beach Club, and Tennis & Wellness Center.

Earlier this year, the club purchased Orchid Island Realty, the firm which sells and markets properties exclusively for the community. “Since owning real estate in Orchid Island is a requirement for membership, we knew the purchase of Orchid Island Realty was a sound decision,” explained Rob Tench, club general manager. “We are excited about the acquisition.”

“Member engagement is important to us and we take it very seriously,” reported Tench. “Many participate on club committees, while others attend club meetings, where ideas and feedback are exchanged. Numerous enhancements have been made as a result of these conversations. We are lucky to have an extraordinary involved membership.”

Orchid Island Golf & Beach Club is one of Vero Beach’s finest treasures. Nestled between the peaceful Indian River Lagoon and Atlantic Ocean, the community is one of the few private golf clubs in Florida to offer direct beach access. “With a short golf cart ride away from your home, you can access our Audubon certified golf course, or go surf-fishing on our secluded beach,” said Tench. “We provide a different pace of life from many other cities in Florida. We have less congestion, less hassles, and no high-rise condominiums.

“We are a community of continuous improvement and feel continued investment is essential. We listen to our

members’ desires and as a member-owned club, economic decisions are made together for the benefit of all.” continued Tench. “In the past couple of years, our Golf and Beach Clubs have been renovated and our golf course has been re-grassed. We are fortunate that our excellent fiscal position provides us the means to continue to invest in the member experience.” ■
