

Your CAPE ESCAPE

*The Club at
New Seabury
offers an
amalgamation
of the best
private club
and resort
amenities.*

Cape Cod has more lighthouses than any other county in America. The Ocean Course takes full advantage of its oceanfront location.

Coastal Living named The Club at New Seabury a “Best Places To Live on the Coast in 2019.”

MASHPEE, MASSACHUSETTS: America’s history began along New England’s rugged coastline. Many are surprised to learn that Pilgrims first landed on the tip of lower Cape Cod before relocating to nearby Plymouth.

The Club at New Seabury has long been one of the Northeast’s most respected clubs in a globally recognized area known for its fishing, sandy shores, and beach lifestyle. Member amenities include two golf courses (Ocean and Dunes), a 42,000 square-foot clubhouse (with unobstructed views of Nantucket Sound), the Beach Club (with its signature blue umbrellas), and Athletic Club (featuring 14 all-weather tennis courts and zero-entry family pool).

“The fortunes of ‘The Cape’ have always been linked to the sea,” explained Chris Card, president and executive director of The Club at New Seabury. “Location is our greatest asset.

“I grew up in Connecticut and remember the fantastic reputation of New Seabury both as a destination and place to play, but it’s so much more than that,” said Card. “The Ocean Course is named appropriately. It’s hard to imagine

playing any closer to the shoreline. In fact, the design has been dubbed ‘Pebble Beach of the East.’”

REFRESHED AND REENERGIZED

The Club at New Seabury is in the midst of a multi-year, \$16 million expansion and enhancement project.

“We have world-class amenities and ‘rock stars’ who head up our staff departments, so expectations are high,” said Card. “We are focused on delivering quality service that matches our iconic facilities. What makes New Seabury so special are the wonderful members who have made this their home whether seasonally or year round.

“Having worked at clubs around the world, I’ve seen many like ours transform their culture to be more family centric,” said Card. “We’re thrilled to have young families and professionals as well as retirees and empty nesters experience neighborhood living in a resort setting. Our great makeup of members makes us exceptional.” ■

The Popponesset Inn, next door to the Cabana Club, sits 50 feet from the ocean with a sweeping view of Nantucket Sound and Martha’s Vineyard. Back in the 1940s, the building operated as an Officer’s Club for Otis Air Force Base. Today, the venue is considered Cape Cod’s Best wedding location.
