

“A Place YOU WANT TO COME BACK TO — Often”

“NOWHERE ELSE IN THE WORLD is there a golf experience like Punta Espada at Cap Cana. There are a lot of hero shots, but it’s still playable for the average golfer. The design takes full advantage of its oceanfront location. My philosophy is: If all available beachfront is packed with development shielding views of the water, you might as well be playing in Montana.” — JACK NICKLAUS

Punta Espada has been ranked one of the world’s best golf courses by Golf Digest.

CAP CANA, DOMINICAN REPUBLIC: Located on the eastern tip of the island, and about a 10-minute drive from the Punta Cana Airport (PUJ), Punta Espada Golf Club at Cap Cana offers a Jack Nicklaus Signature oceanfront course with eight holes that hug along the craggy edges of the Caribbean’s blue waters.

“The human eye is able to differentiate seven million color variations. I think our surroundings capture every possible hue of blue on the visible spectrum,” praised Ernie Purcell, member at Punta Espada. “I’ve played golf around the world, and if you want to play the best, this is it.

“My career as an investment banker provided an opportunity to live in London for the better part of a decade,” continued Purcell. “While the city is a joy to live in, its weather can be difficult to navigate. My wife Anne and I would use trips to the Dominican Republic to recharge our batteries and warm our bones. After several trips, we both agreed Punta Espada was the most beautiful course we had ever played. Loving Cap Cana’s amenities, location, and climate, it wasn’t a hard decision to put down more permanent roots in the community.” ■
