*It's the warm, inviting,  
and authentic membership  
that makes the  
Mirabel Club a standout.*

SCOTTSDALE, ARIZONA: Mirabel Club provides an active lifestyle inside the gates of a spectacular custom home community built on 700 rolling acres of Sonoran Desert in the northernmost elevations of Scottsdale. It was originally developed by the world renowned Discovery Land Company (known for offering the best lifestyle in the most sought after locations in the world) and was ultimately successfully transitioned to a member-owned facility.

Mirabel’s physical elevation, sitting some 3,000 feet above the valley floor, has close proximity to the Tonto National Forest and easy access to the area’s vast array of outdoor activities. The community’s fiscally disciplined operations (Mirabel is debt free) position it as the club of choice for those in the Valley of the Sun or new to the area who are looking for the combination of privacy, a gorgeous desert setting, and a multitude of activity offerings.

Last year, Mirabel’s membership overwhelmingly voted

to authorize a master facility plan to enhance and augment its non-golf facilities—with scheduled completion before the 2021 season. “Residents embraced our investment to ensure Mirabel’s facilities stay a step ahead of the other top golf clubs in the metro area,” explained Marcie Mills, COO/general manager at Mirabel. “We recognize how special our physical location is and expect our clubhouse to match. The influx of new residents to the Scottsdale area is resulting in a demographic sea change. Our combination of an outstanding Tom Fazio golf course, crisp service, and quality amenities make us uniquely positioned to be on everyone’s short list.

“Enhancements underway include expanding our Fitness Center, adding four pickleball courts, enlarging our commercial kitchen, increasing dining space, and opening an indoor/outdoor peninsula bar,” said a pleased Mills.

Mirabel purposefully retains a 275 golf member limit to ensure unfettered access and maintains a social membership providing entry to all non-golf and dining facilities (as well as certain limited golf usage in the off season). “Our social membership is viewed by many as a great entry point to Mirabel and those who might not initially view golf as a priority,” explained Nissa Sjoberg, director of marketing. “One visit and you will discover our noticeably warm, connected, and authentic membership is our strongest selling point.” ■
