**BIG CEDAR LODGE, MISSOURI:** Last year, Americans applied 1.4 billion gallons of paint on renovation and new construction projects.

The Bass Pro Shop's Angler's Lodge in nearby Hollister is no exception. "Our newest accommodations provide genuine Ozarks' hospitality and a convenient location to access everything special about our area," stated Johnny Morris, noted conservationist and founder of Bass Pro Shops and Big Cedar Lodge. "With close proximity to our golf operations, you are only minutes away from our Tiger Woods, Tom Fazio, Gary Player, Bill Coore/Ben Crenshaw, and Jack Nicklaus designs."

Payne's Valley, designed by Tiger Woods, is named in honor of the late Payne Stewart.

"I've built hundreds of courses over the years, but never one as drastically stunning as Mountain Top." — GARY PLAYER

"It's mind-boggling to see how special my course is. I couldn't be more proud to partner with Mr. Morris on my first resort course in the U.S. Together, we've created a world-class golf experience in the center of America," lauded Tiger Woods.
