

Walters Golf's "Ace in the Hole"

Bali Hai is a tropical golf oasis resting in the shadows of The Strip resorts.

Bali Hai offers the only bet you can't lose in Las Vegas.

On hole No. 9 (a par-3 that plays around 150 yards), hit the green and receive your bet plus a 50 percent bonus in golf shop credit. Miss the green, receive your original bet in golf shop credit.

Bali Hai is within earshot of Allegiant Stadium.

It's common to hear a faint roar on Sundays of crowds cheering on the home team.

LAS VEGAS STRIP, NEVADA: The Southern Nevada Hotel Concierge Association (SNHCA), established in 1990, is dedicated to providing the highest level of assistance to visitors to Las Vegas. Its principal mission is to set a standard in a city known for service. Members take pride in being knowledgeable while maintaining an objective commitment to continuing education and unbiased advice.

"Bali Hai Golf Club [a Walters Golf facility], located on Las Vegas Boulevard, has established three pillars of success," stated Alex Canetti, director of sales. "First and foremost is providing an award-winning day of golf. For the past 10+ years, we have been awarded 'Best Course in Town' by the SNHCA. Considering they know the city best, I blush with exuberance for the recognition.

"Our second pillar is location. We are located a driver plus five-iron from Mandalay Bay Resort and are across the street from the iconic Welcome to Las Vegas greeting sign," continued Canetti. "While there are many great golf choices in the city, our location reduces commute time and increases playtime. Finally, Vegas-style is our third important pillar. Combining our service, modern carts with Bluetooth speakers, and expert forecaddies, I think you will be impressed with our operations that allow you to escape from everyday life." ■
