

# The Senses of Kalispel

*Golfweek ranks Kalispel Golf and Country Club one of its "Top 50 Casino Courses."*

SPOKANE, WASHINGTON: Sight, smell, hearing, touch, and taste—almost everyone recognizes our five senses. Without them, we'd have no music, no painting, no culinary delights.

"Our setting of a traditional club, set among a forest of tall evergreen trees and wildlife, is a golf purist's dream," smiled Bob Castle, general manager at Kalispel Golf. "Your senses will come alive. I never take it for granted."

## BEYOND A TACTILE TOUCH

Kalispel Golf and Country Club, host of the inaugural U.S. Women's Open in 1946, has been recognized for its staff of professionals with noteworthy credentials from instruction, club fitting, and merchandising. The private facility is exclusively available to members and guests staying at Northern Quest Resort & Casino (about a 20-minute drive away).

"The *sound* of fast free-flowing water in the Little Spokane River provides a soothing ambi-

ence, while the *smell* of healthy evergreens permeates the air," detailed Castle. "The *touch* of your Foot-Joys on freshly cut grass reinforces you are playing on one of the Northwest's best, and the *sight* of Rattlesnake Ridge provides an incredible backdrop of nature. With few signs of development, it often looks like a mirage untouched by man. Finally, as you finish your round, *taste* a refreshing sip of water from our 17th hole drinking fountain that flows directly from an underground aquifer." ■

Kalispel Golf and Country Club is where deer, moose, and a few lucky golfers play.

*For information on membership, visit [KalispelGolf.com](http://KalispelGolf.com); and on seasonal stay-and-play packages, visit [NorthernQuest.com](http://NorthernQuest.com).*

Nearly 1,000 pines lining the fairways have been tagged to track their health.

About a 20-minute drive from the golf course is Northern Quest Resort & Casino. The Forbes Four-Star and AAA Four-Diamond rated hotel offers more than a dozen restaurants, 24/7 gaming.
