FIELD & RIVER CLUB

## Georgia's Premier Private Golf Community Unveils \$24.5M Amenity Transformation

RICHMOND HILL, GEORGIA (20 miles from Savannah): Along the serene banks of the Ogeechee River, The Ford Field & River Club continues to set the standard for Lowcountry living. This exclusive, member-owned private golf and sporting community is home to the award-winning Pete Dye-designed golf course, heralded as his “finest Southern design.” The Ford is now poised to enhance its legacy with an upcoming \$24.5 million amenity transformation, which includes a new practice facility, putting course and enhanced spaces for gathering and socializing.

At The Ford, members enjoy a relaxed pace with no tee times and only 9,000 rounds annually, ensuring an unhurried atmosphere and pristine course conditions. The golf experience at The Ford tells a compelling story through its distinct design, where winter ryegrass ensures year-round lush fairways and greens. The parkland-style front nine flows through majestic oaks and clear lakes, with stunning Southern-style homes adding to the charming Lowcountry scene. The links-inspired back nine unfolds across a windswept peninsula, presenting estuary views and natural grasses that challenge and inspire golfers with every shot.

The Ford's commitment to excellence extends beyond the fairways. The upcoming \$24.5 million amenity upgrade initiative includes a reimagined practice facility featuring an expansive 48,000-square-foot tee area, comple-

mented by state-of-the-art, GPS-enabled range flags and premium range balls. A new short game area and family-friendly putting course will integrate seamlessly with inviting fire pits and dining patios, creating a vibrant social hub that welcomes golfers.

Inside the Clubhouse, the transformation continues with refined, luxurious new locker rooms, expanded dining venues, and a redesigned bar offering picturesque views of the 18th hole, perfect for post-round gatherings. These enhancements maintain The Ford's position as one of the finest private coastal golf and sporting club communities in the nation.

Beyond the course, The Ford offers a lifestyle of unparalleled exclusivity and natural beauty. Members have access to a 36-slip deepwater marina, the Equestrian Center, the historic Main House—once the winter retreat of Clara and Henry Ford—and miles of scenic trails that wind through the pristine landscape at the community.

For those seeking a lifestyle that transcends the ordinary, The Ford Field & River Club presents an unmatched opportunity to be part of a legacy of excellence in the heart of Georgia's Lowcountry. ■
