Elevating Ordinary to Extraordinary

*Las Vegas energy.
Anthem serenity.
The best of both worlds.*

HENDERSON, NEVADA: Anthem Country Club is more than golf, racquet sports, and dining. It's a hub of energy and connection, with a social calendar that rivals the city below. From wine dinners and concerts under the stars, to family festivals, fitness classes and holiday traditions, every detail is designed to bring members together and elevate life in Las Vegas. Membership means belonging to a community that thrives on fun, energy and shared experiences—without compromising the standards of a premier country club.

"We call them 'My Club Moments'—the experiences that surprise and delight," said Mark Blais, director of membership. "Whether it's a casual gathering or a signature celebration, every detail is designed to make members proud to share their club with friends and family."

SPECTACULAR VIEWS

Perched high above Las Vegas, Anthem offers some of the most spectacular views in the valley. On the Fourth of July, members watch fireworks displays across the city while enjoying handcrafted bites and cocktails on the terrace. Every event is designed to elevate the ordinary into extraordinary—personal touches, fresh flavors, and thoughtful service set the tone.

MEMBERSHIP BY INVITATION

Anthem is the only member-owned equity club in the Las Vegas Valley, a distinction that ensures the club is guided by those who care most—its members. Membership is by invitation only, preserving exclusivity and shared values, but always with a warm welcome for those who embrace its spirit of community and camaraderie. Every member is a stakeholder in an environment built for lasting friendships, unforgettable experiences, and a bright future.

At Anthem Country Club, members find the best of both worlds: the energy of the city, the serenity of the hillside, and a calendar full of moments worth remembering. ■
